1. Introduction

Kent County Council are proposing to confirm the expansion of Dartford Bridge Primary School from 210 places to 420 places.

We are currently undertaking a public consultation to seek the views of the wider community on this proposal. The Public Consultation Period will run from Monday 12 November 2012 to Monday 24 December 2012. There will be a public meeting on 14 November 2012 which will give you the opportunity to make your views known and to ask any questions you may have.

This document gives you details of the proposal, information on the background to it, and outlines the current position. There is a form at the end which we ask you to complete and return to us by 24 December 2012.

2. Why the change?

The western part of Dartford District has seen significant numbers of large and small scale housing development over the last few years. The Kent Thameside development particularly, is bringing new families to the area, requiring enhancements to the infrastructure in order to meet the future needs of the area and its residents.

Medium and long term forecast indicate that the higher numbers of primary age children will continue to increase. Dartford Bridge Primary School is a popular school, ideally placed to accommodate the forecasted increase in demand for primary school places.

New forecasting methodology strengthens the expectation that more reception year places are needed for September 2013 and beyond.

3. The proposal

The increased demand for primary places continues for September 2013. Kent County Council are therefore proposing that Dartford Bridge Primary School permanently increase its Year R intake to 60, taking the proposed total capacity of the school from 210 places to 420 places.

The school would admit 60 Year R pupils per year from September 2013 and subsequent years.
