Kent County Council would like to hear your views on a proposal to permanently expand Ethelbert Road Primary School from a half form entry primary school (intake of 15 children into the Reception class) to a one form entry primary school (intake of 30 children into the Reception class) from September 2014.

Date of Public Meeting:
Thursday 21 March at 7 pm
at Ethelbert Road Primary School,
Ethelbert Road, Faversham ME13 8SQ
1. Introduction

In September 2011 there was an increase in the number of children in Faversham requiring a place in Reception. Kent County Council made arrangements with the schools listed below for additional places to be made available:
Ethelbert Road Primary School – an intake of 30 instead of 15
Bysing Wood Primary School – an intake of 30 instead of 15
Ospringe CE Primary School – an intake of 40 instead of 30

These additional places were made available for Reception entry in September 2012 and will also be available for entry in September 2013. Kent County Council is now proposing to permanently expand the three schools and provide additional accommodation.

2. Why the change?

The population in Faversham has increased with a rise in the birth rate and families moving into the area. There has been a pressure on primary school places and this is expected to continue. The proposal is in line with Kent County Council’s ambition “to ensure every child will go to a good school where they make good progress and can have fair access to school places” as set out in Bold Steps for Education which outlines the actions we will take to support the aims of the wider Bold Steps for Kent strategy (Link below).

3. The proposal

Kent County Council would like to permanently expand Ethelbert Road Primary School by 15 places per year group which will take the total capacity of the school to 210 pupils. Currently there are 165 pupils on roll at the school. The school would have a small building project to provide additional accommodation in order to have enough classrooms and facilities to take the extra children.

The school has provided the following statement in support of the proposal:
“Staff, Governors and Parents support the proposal to permanently increase the admission number to 30. This will allow us to teach in single year groups and have a greater number of staff to facilitate the wide range of learning opportunities for all the children in our care. Being able to permanently increase our intake will enable more local families to be offered a place at a school of their choice.”
