Highway Works in Your Area
Perry Street, Pelham Road South and All Saints Road, Northfleet

Safety Critical Works

What are we planning to do?
1. Construct a raised table (traffic calming feature) at the junction of Perry Street and All Saints Road;
2. Construct a raised table at the existing pelican crossing outside number 19 Perry Street (Ladbrokes); and
3. Narrow the carriageway at the existing crossing point outside number 59 Pelham Road South (just east of the fuel garage).

Why do we want to do this work?
This work is in response to a significant number of recorded injury crashes involving pedestrians along Perry Street over the last three years.

How will we carry out the works and how will it affect you?
In order to construct the two raised tables (items 1 and 2 above), we will need to close the roads completely to vehicular traffic whilst the work is taking place. Access for pedestrians, including pushed cycles, will be maintained throughout these times.

Whilst we are working at the junction of Perry Street and All Saints Road, the existing one-way restriction on All Saints Road – between its junctions with Brook Road and Perry Street – will be suspended to allow drivers to enter this road from its northern end. Please note that this will only be allowed during the times that the road is closed off and drivers must not exit from All Saints Road to Perry Street at any time.

Whilst the roads are closed, a signed diversion route will be in place via Earl Road, Coldharbour Road, New House Lane, A227 Wrotham Road, B261 Old Road West and Pelham Road South and vice versa.

Whilst we are working on Pelham Road South, we will not need to close the road but will need to use temporary traffic signals.

When will the work start and how long will it take?
The work is programmed to start on Tuesday 5th May 2015 and expected to last for three weeks with two night time road closures. The road closures will be between 8.30pm and 6.00am each night with some minor works outside of these periods.

How to contact us?
Visit our website www.kent.gov.uk/highways to find out how we look after the roads in Kent. If you have any concerns about how these road works will affect you please call us on 03000 418181 and quote “GR/MRM/0101 Perry Street safety critical works”.

Please respect our workers space and safety by driving carefully and slowly through the roadworks. Feedback from our workers shows that too many drivers go too fast through roadworks. Everyone is entitled to a safe workplace. Our men and women work next to moving traffic and risk injury every day.
Please keep this in a safe place so you can refer to it if you need to contact us whilst the works are being done – call us on 03000 418181

WARNING – Beware Bogus Callers
Kent County Council does not allow works to be carried out on private properties. If anyone says they are working for us or our specialist contractors and offer to carry out any work for cash they should be treated with caution and you are advised to contact Kent County Council Trading Standards on 0845 3450210, 24 hours a day, seven days a week.
