(The Borough of Tonbridge & Malling)
(Proposed Puffin Crossing, (A26) Tonbridge Road)

THE KENT COUNTY COUNCIL
(THE BOROUGH OF TONBRIDGE & MALLING)
(PROPOSED PUFFIN CROSSING, (A26) TONBRIDGE ROAD)
2015

Notice is hereby given that THE KENT COUNTY COUNCIL, (hereinafter referred to as “the Council”) acting as the local traffic authority and in exercise of its powers under Sections 23 of the Road Traffic Regulation Act 1984 (hereinafter referred to as the “Act of 1984”), and of all other enabling powers and after consultation with the Chief Officer of Police, intend to install a new Puffin Crossing in the location described below.

Explanatory Note

A puffin is a pedestrian user-friendly intelligent crossing. There is a push button which pedestrians press to make the lights change. The light indicating when it is safe to cross is placed on the near side of the road, rather than on the far side. The system also utilises sensors which detect the presence of pedestrians waiting at the crossing and as they cross the road. It has a standard traffic light sequence but does not have a flashing amber stage which reduces the amount of vehicles that pull away before the lights have finished their phase.

New Puffin Crossing to be installed

(A26) Tonbridge Road, Hadlow

Located approximately 47 metres southwest of the centre of the Bourne Grange Lane (Hadlow College access road).

The Puffin Crossing restriction will cover a distance of 41 metres (including both sections of white zig-zag lining)

A copy of the Notice together with the statement of reasons and a plan showing the area of road concerned may be inspected during normal office hours, Mondays to Friday at The Kent County Council, Sessions House, Maidstone, ME14 1XQ and at or can be viewed online at www.consultations.kent.gov.uk.

If you wish to offer support or object to the proposal you should send the grounds in writing to The TRO Co-ordinator, 125-135 Brenchley House, Week Street, Maidstone, Kent, ME14 1RF or by email to TRO@Amey.co.uk by Monday 26th October 2015.
