A26 CYCLE ROUTE CONSULTATION
Local Authority partners are undertaking a public consultation on proposals for the improvement of the cycle route along the A26, between Tonbridge and Tunbridge Wells. As the A26 suffers from traffic congestion and poor air quality a solution is required to encourage more cycling along the route which would contribute towards congestion relief, improvements in air quality and health.

The consultation will be open from 7 November to 18 December, and can be viewed online at www.kent.gov.uk/a26cycleroute

Please take a look at the plans and submit your views online.

Consultation events will be held on 14 and 28 November at The Tunbridge Wells Grammar School for Boys, between 5pm and 8pm.

The cycle route proposals will be available to view at these events and members of the project team will be available to answer any questions you may have. The proposals will also be available to view at the Borough Council’s Gateways.
