Kent County Council is proposing to install a new Zebra Crossing on the A259 Sandgate Esplanade, Sandgate outside Hylands to help pedestrians cross the road between Brewers Hill and the seaside.

Why do we need to make changes?

This scheme is in conjunction with the Cinque Ports Cycleway route that has seen Government funding deliver Phase 1 between Folkestone and Hythe Sailing Club. The route is promoted as a leisure facility to encourage families to the local area. The zebra crossing will enhance the experience and allow ease of access between the seafront and businesses opposite. The road will also be resurfaced and see the installation of more regimented parking bays to remove the habitual footway parking on the seaside. Parking restrictions will also be shortened opposite Encombe to mitigate any loss of parking following construction of the zebra crossing.

What are we proposing?

- Install a new zebra crossing linking Brewers Hill and Seaside of Sandgate Esplanade.
- Install a kerb build out to make the zebra crossing visible to oncoming vehicles.
- Shorten existing parking restrictions to mitigate loss of parking.
- Install regimented parking bays to alleviate habitual footway parking.
- Resurfacing the carriageway along the length of A259 Sandgate Esplanade between The Memorial and Spencer Court.
