Sandgate Esplanade, Sandgate
Proposed Zebra Crossing

What are we planning to do?
KCC are proposing the installation of a new zebra crossing, to be located at the bottom of Brewer’s Hill.

As a result of the original consultation process the design of the project has been amended reducing the size of the build out to allow for additional parking spaces and a relocation of both the bus stops and shelter on both sides of the road allowing for clear visibility for pedestrians whilst crossing. See drg no. SH-1718-LTP-CW-205-2

Included within this project we are proposing the installations of regimented parking bays and resurfacing of the carriageway along the length of A259 Sandgate Esplanade between The Memorial and Spencer Court.

Aims of the scheme?
To provide an improved crossing facility and improve the safety of people trying to cross the road here and to provide parking bays to ensure the shared Cycleway / Footway is alleviated of habitual parking.
